

3rd Workshop of the Chicago–Tohoku Quantum Alliance

Monday, June 29 – Tuesday, June 30, 2026
Global Connect HUB — Atelier Q[∞],
Research Institute of Electrical Communication, Tohoku University

Speakers / Collaborators

David D. Awschalom

Pritzker School of Molecular Engineering

Nathan Flanders

Pritzker School of Molecular Engineering

Giulia Galli

Pritzker School of Molecular Engineering

S. Carin Gavin

WPI-Advanced Institute for
Materials Research /

Pritzker School of Molecular Engineering

Supratik Guha

Pritzker School of Molecular Engineering

F. Joseph Heremans

Pritzker School of Molecular Engineering

Alex High

Pritzker School of Molecular Engineering

Shun Kanai

Research Institute of Electrical
Communication

Nancy Kawalek

STAGE Lab /

Pritzker School of Molecular Engineering

Hiroaki Kobayashi

Graduate School of Information Sciences

Makoto Kohda

Graduate School of Engineering

Nobuyuki Matsuda

Research Institute of Electrical
Communication

Takeshi Ohshima

Graduate School of Engineering /
National Institutes for
Quantum Science and Technology

Mikihiko Oogane

Graduate School of Engineering

Tomoki Ozawa

WPI-Advanced Institute for
Materials Research

Benjamin Pingault

Pritzker School of Molecular Engineering

Mika Sakai

Startup Incubation Center

Takafumi Sato

Graduate School of Science

Yoichiro Tanaka

Global Engagement Division

Taro Yamashita

Graduate School of Engineering

Shuolong Yang

Pritzker School of Molecular Engineering
